TO WHOM IT MAY CONCERN

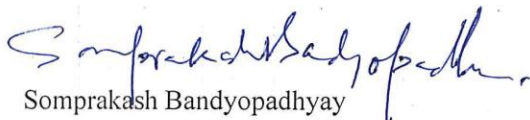

This is to certify that **Mr Tirthankar Mittra**, student of Jadavpur University, pursuing B.tech in electronics and communication, has worked in the project entitled “**Social Inclusion through Digital Inclusion**”, in Social Informatics Research Group, Indian Institute of Management Calcutta, from 23rd May 2016 to 30th July 2016 as an intern.

In this project he has worked on the development of interactive course materials for our online learning platform named OwlshOracle (www.owlshoracle.com) to teach underprivileged children. OwlshOracle seeks to ensure quality curriculum (formal) based teaching, supplementary (tuition) teaching and extra-curricular/informal (grand-parenting) teaching to underprivileged children by experienced elderly. Tirthankar, has particularly worked in crowd sourcing and collating content for Maths at the secondary level.

I would like to appreciate his efforts in meticulously organizing and developing the course materials.

I wish him all the very best for the future.

Best Wishes.
